## SUMMARY

Knowledgeable Front End Developer, adept at creating successful websites that meet customer needs. Specializing in collaborating with customers to gather requirements, produce plans and improve designs for usability and functionality. Fully proficient in HTML5, CSS3, JavaScript, and other JavaScript frameworks like React and Angular.

I am a self-motivated and adaptable professional experienced working with teams to produce impactful, leading-edge websites that engage customers and deliver business results, I also excel in remote work environments. I am skilled at managing my time efficiently, I have completed multiple projects, both independently and as part of remote teams. Furthermore, my strong communication skills enable me to collaborate effectively despite geographical barriers.
